The country is known in the international design world as the “Milan of Asia” for creating good designs and high-quality products coupled with competitive pricing. It has carved its own niche in the midrange and high-end markets.

We give our clients professional services in all aspects of business. We are committed to meet the needs of international buyers through competitive pricing, excellent designs, high standard quality and reliable on-time delivery.

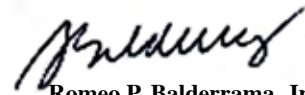

CDPEAP would like to acknowledge the Kearny Alliance for helping advance our suppliers’ skills and knowledge in export services, and in its efforts to foster the vision of “Aid through Trade” and sustainable development for emerging markets.

Finally, we also would like to thank Global Sources for offering their online services through which our members can access quality buyers worldwide.
